

PROTECTING THE PEOPLE YOU CARE ABOUT

Our Team!

BRAD CHAMPLIN

The past year has brought a lot of exciting change for me and my family! My wife and I sold the home that we raised our children in and have begun the process of moving into a smaller house. In the meantime, we've been enjoying time on Seneca Lake. When I'm not at work, I keep myself plenty busy with projects and spending time with family. We've enjoyed having (almost) all our children home throughout the summer. My youngest, Jacob, is serving as a Marine so his visits are rare, but cherished. My daughter, Rebekah, has completed her 2nd year at SUNY Fredonia and had an extremely successful year running for the Women's XC and Track & Field teams. My son, Matt, officially became a Nationally Certified Surgical Technician and Amanda, well, she's enjoying working for me! I'll be enjoying summer with family & celebrating my 35th anniversary with my beautiful wife, Cindy!

AMANDA ALFARO

I am really looking forward to spending as much time outside as I can this summer! I don't have any trips specifically planned, but my husband and I plan to go camping at the surrounding state parks. My sister, Rebekah, and I will be attending a concert together. She let me pick one out as my birthday gift this year! We've been working on some small home improvements and enjoy tackling the yardwork together. We celebrated my husband, Ignacio's, birthday at the beginning of the month with my parents. We spend our free time working out, kayaking, running, biking, and reading. I was recently asked to be in a great friend's wedding in July, so I'm really excited about that! Other than that, I'll be celebrating with the several friends who are having babies over the next few months!

RACHEL ADONIS

There's no place like Rochester in the summertime! I'll be doing lots of things to enjoy myself this summer. I like to golf and bike as well as visit with friends. I'm hoping to even get in some tent-camping. I'm attending the CAPLAW conference on behalf of Action for a Better Community (ABC) in Portland, OR. While I'm there, I'm going to take a couple extra days to visit with my Pacific NW family that I see much too seldom. For many, it has been several years since we've all been together. Recently, ABC honored me at its 50th Annual Meeting with the Crystal Stair award. It's given to a board member who has demonstrated commitment to the community we serve. I am very honored! Other than that, I'll be working room to room as I rebuild my 1929 house from the inside out and hopefully meeting my nephew's newest addition to the family when SHE arrives!

DAN BIVIANO

It's hard to believe summer is already here! My family and I are keeping it local this year. We'll vacation at places like Stoneybrook and in the Adirondacks. Like most people do during the summer, we'll be doing some house work as well. I'll be finishing my deck and redoing our basement... woohoo! On a more exciting note, my wife and I are celebrating our 6th wedding anniversary on June 13th! Aside from that, I enjoy spending my free time playing with my daughters at parks, playing music at home and with my band and cooking. I can't believe how quickly the time is flying! After this summer, BOTH of my babies are going to be in school. Lilah will be in Kindergarten and Birdie will be in Pre-K! I guess it's time to hold on tight, they're growing fast!
